THE ULTIMATE WORK EXPERIENCE

The Young **Engineer** Summer Experience

2025

Ages 15-18
London | UCL Campus

Join us for the ultimate work experience in engineering this summer in London.

Over the course of 2 weeks, students will step into the shoes of an engineer through a range of immersive career simulations and exclusive professional site visits.

This is a unique opportunity to work alongside top engineers, gain hands-on experience to boost university and job applications and experience life on-campus at a world-renowned university, University College London.

Ages
15-18

Location
London, UCL Campus

Length
1 week or 2 weeks

Start Dates
7th July, 28th July,
18th August 2025

Programme Highlights

- Visit a working airfield and learn from aeronautical engineers in a series of hands-on flight simulator challenges
- Explore the innerworkings of a petrol engine in a live teardown under the guidance of a mechanical engineer
- Explore Europe's largest Supercar facility and come face-to-face with the developments over the past 100 years in automotive engineering
- Compete in an assessed activity with expert feedback from professionals & receive comprehensive career coaching on breaking into engineering
- Gain a personalised certificate, industry reference letter & UCAS points for a Level 3 Award in Work Experience
- Work alongside expert aeronautical, material, civil and biomedical engineers who will guide you through your experience

"One of the best things I've done for my child. Some of the experiences she got just sounded out of this world, but more than that she was so complimentary about the staff -- both the engineers and the organisers. She stayed at their university halls and made lots of new friends."

*Parent, the Young Engineer
Summer Experience 2022*

"It was an amazing experience. The entire programme was overseen and taught by inspiring experts in their fields - it really helped in cementing my decision to study engineering."
