“My son had a great experience with InvestIN and said he was taught a number of things he has never learnt in school before. We chose this programme as he didn’t want an academic programme but rather a practical one and for him that meant trading the markets and learning from successful investment bankers.”

Parent, the Young Investment Banker
Summer Experience 2024

“My highlight was learning about pitching, I thought this was the most useful skill for my career. I also just generally found it useful to learn about all the different types of banking so I can explore what to go into in the future.”
