The Career Discovery Summer Experience

Join us this summer for an inspiring two-week summer programme designed for curious minds aged 12–14.

Students will get to explore a range of competitive careers alongside top professionals, whilst experiencing academic and university life in London, learning on-campus at Dulwich College and at University College London (UCL).

50+ hours of career-focused workshops
taught by professionals from medicine, engineering, finance & technology

Hands-on industry simulations & practical career insights
with industry experts

3 full-day excursions in central London
exploring iconic landmarks & university life at University College London (UCL)

Vibrant social programme
with sports & activities for residential students

Personalised certificate & professional reference letter
to boost future applications

24-hour safeguarding & pastoral support
from our expert on-site team

The world of ...

Introductory sessions teaching you all about an industry, the roles within this and the skills needed to help you break into these prestigious and competitive careers

Simulations

Hands-on activities in small groups where you trial activities undertaken in these professionals, all designed in collaboration with industry consultants

Students depart from programme the following Monday

Frequently Asked Questions

Who is this programme for?

Students aged 12–14 who want to explore future career pathways while developing their English and academic confidence.

What's included in the residential package?

Tuition, single ensuite or shared room, all meals, evening social activities, weekend excursions and 24-hour safeguarding.

Is there a social programme?

Outside of the academic programme, residential students will be able to enjoy a dynamic and exciting programme of evening activities including quiz nights, board game nights, sports activities, craft activities and more.

Can I attend as a day student?

Yes, non-residential students attend Monday to Friday and can opt into the London excursion days.

Will students be supervised?

Yes, students are supervised 24 hours a day, with a maximum 1:15 staff-to-student ratio on campus and 1:10 on excursions.

What English level do I need?

We accept students at either a B1 level of English, or B2+ level, fluent or native speakers.
